Re: *In re application of U.S. Bank National Association, et al.*
(Index No. 652382/2014)

Dear Justice Friedman:

I write on behalf of the Objectors in the above-referenced matter. As indicated in the Trustees and the Objectors' correspondence to Your Honor on February 6, 2015 regarding relevant materials from the Countrywide Proceeding (Doc. No. 261, n. 1), the Objectors submit there are additional citations to the record that reflect the scope of discovery in that case.

These citations, set forth below, reflect (1) statements made by counsel for the Trustees and the Institutional Investors regarding the discovery they produced or would be willing to produce at the time the statements were made, and (2) comments from the Court directing Petitioners to produce additional discovery. Both citations are straightforward and uncontroversial statements regarding the scope of discovery in the Countrywide Proceeding, and are helpful to this Court in understanding what discovery was produced in that case.
