Termination Payments due to a Swap Provider Trigger Event owed by the Trust Fund;

(G) from any remaining Excess Cashflow, to the Class CE Interest and Class CE Certificates, an amount equal to the Class CE Distribution Amount reduced by amounts distributed in clauses (C) and (D) above; and

(H) any remaining amounts to each of the Class R-1, Class R-2, Class R-3 and Class RX Certificates, based on the related REMIC in which such amounts remain.

On each Distribution Date, all amounts in respect of Prepayment Charges shall be distributed to the Holders of the Class P Interest and the Class P Certificates, provided that such distributions shall not be in reduction of the principal balance thereof. On the Distribution Date immediately following the expiration of the latest Prepayment Charge term as identified on the Mortgage Loan Schedule, any amount on deposit in the Class P Certificate Account will be distributed to the Holders of the Class P Interest and the Class P Certificates in reduction of the Certificate Principal Balance thereof.

&lt;PAGE&gt;

In addition, notwithstanding the foregoing, on any Distribution Date after the Distribution Date on which the Certificate Principal Balance of a Class of Class A Certificates or Class M Certificates has been reduced to zero, that Class of Certificates will be retired and will no longer be entitled to distributions, including distributions in respect of Prepayment Interest Shortfalls or Basis Risk Shortfall Carry Forward Amounts.

(b) In addition to the foregoing distributions, with respect to any Subsequent Recoveries, the Master Servicer shall deposit such funds into the Protected Account pursuant to Section 4.01(b)(iii). If, after taking into account such Subsequent Recoveries, the amount of a Realized Loss is reduced, the amount of such Subsequent Recoveries will be applied to increase the Certificate Principal Balance of the Class of Certificates with the highest payment priority to which Realized Losses have been allocated, but not by more than the amount of Realized Losses previously allocated to that Class of Certificates pursuant to Section 5.05; provided, however, to the extent that no reductions to a Certificate Principal Balance of any Class of Certificates currently exists as the result of a prior allocation of a Realized Loss, such Subsequent Recoveries will be applied as Excess Spread. The amount of any remaining Subsequent Recoveries will be applied to increase the Certificate Principal Balance of the Class of Certificates with the next highest payment priority, up to the amount of such Realized Losses previously allocated to that Class of Certificates pursuant to Section 5.05, and so on. Holders of such Certificates will not be entitled to any payment in respect of Current Interest on the amount of such increases for any Interest Accrual Period preceding the Distribution Date on which such increase occurs. Any such increases shall be applied to the Certificate Principal Balance of each Certificate of such Class in accordance with its respective Percentage Interest.

(c) Subject to Section 10.02 hereof respecting the final distribution, on each Distribution Date the Trustee shall make distributions to each Certificateholder of record on the preceding Record Date either by wire transfer in immediately available funds to the account of such Holder at a bank or other entity having appropriate facilities therefor, if such Holder has so notified the Trustee at least 5 Business Days prior to the related Record Date, or, if not, by check mailed by first class mail to such Certificateholder at the address of such Holder appearing in the Certificate Register. Notwithstanding the foregoing, but subject to Section 10.02 hereof respecting the final distribution, distributions with respect to Certificates registered in the name of a Depository shall be made to such Depository in immediately available funds.

(d) On or before 5:00 p.m. Eastern time on the fifth Business Day immediately preceding each Distribution Date, the Master Servicer shall deliver a report to the Trustee in electronic form (or by such other means as the Master Servicer and the Trustee may agree from time to time) containing such data and information, as agreed to by the Master Servicer and the Trustee such as to permit the Trustee to prepare the Monthly Statement to Certificateholders and to make the required distributions for the related Distribution Date.

&lt;PAGE&gt;

thereof, as applicable, has been reduced to zero; third, to the Class M-8 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; fourth, to the Class M-7 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; fifth, to the Class M-6 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; sixth, to the Class M-5 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; seventh, to the Class M-4 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; eighth, to the Class M-3 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; ninth, to the Class M-2 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; tenth, to the Class M-1 Certificates, until the Certificate Principal Balance thereof has been reduced to zero; eleventh, to the related Class or Classes of Class A Certificates, on a PRO RATA basis, until the Certificate Principal Balances thereof have been reduced to zero; and twelfth, to the unrelated Class or Classes of Class A Certificates, on a PRO RATA basis, until the Certificate Principal Balances thereof have been reduced to zero; provided, however, any such Realized Losses otherwise allocable to the Class II-A-1 Certificates shall be allocated first to the Class II-A-2 Certificates, until the Certificate Principal Balance thereof has been reduced to zero, and then to the Class II-A-1 Certificates, and any such Realized Losses otherwise allocable to the Class III-A-1 Certificates shall be allocated first to the Class III-A-2 Certificates, until the Certificate Principal Balance thereof has been reduced to zero, and then to the Class III-A-1 Certificates. All Realized Losses to be allocated to the Certificate Principal Balances of all Classes on any Distribution Date shall be so allocated after the actual distributions to be made on such date as provided above. All references above to the Certificate Principal Balance of any Class of Certificates shall be to the Certificate Principal Balance of such Class immediately prior to the relevant Distribution Date, before reduction thereof by any Realized Losses, in each case to be allocated to such Class of Certificates, on such Distribution Date.

(b) Any allocation of Realized Losses to a Class of Certificates on any Distribution Date shall be made by reducing the Certificate Principal Balance thereof by the amount so allocated; any allocation of Realized Losses to a Class CE Interest and Class CE Certificates shall be made by reducing the amount otherwise payable in respect thereof pursuant to clause (G) of Section 5.04(a)(4). No allocations of any Realized Losses shall be made to the Certificate Principal Balance or Uncertificated Principal Balance, as applicable, of the Class P Interest and the Class P Certificates.

Notwithstanding the foregoing, no such allocation of any Realized Loss shall be made on a Distribution Date to any Class of Certificates to the extent that such allocation would result in the reduction of the aggregate Certificate Principal Balance of all the Certificates as of such Distribution Date, after giving effect to all distributions and prior allocations of Realized Losses on the Mortgage Loans on such date, to an amount less than the aggregate Stated Principal Balance of all of the Mortgage Loans as of the first day of the month of such Distribution Date (such limitation, the "Loss Allocation Limitation"). In addition in no event will the Certificate Principal Balance of any Certificate be reduced more than once in respect of any particular amount both (i) allocable to such Certificate in respect of Realized Losses and (ii) payable as principal to the Holder of such Certificate from Remaining Excess Spread.

As used herein, an allocation of a Realized Loss on a "PRO RATA basis" among two or more specified Classes of Certificates means an allocation on a PRO RATA basis, among the various

128

&lt;PAGE&gt;

Classes so specified, to each such Class of Certificates on the basis of their then outstanding Certificate Principal Balances prior to giving effect to distributions to be made on such Distribution Date. All Realized Losses and all other losses allocated to a Class of Certificates hereunder will be allocated among the Certificates of such Class in proportion to the Percentage Interests evidenced thereby.
